

# Veine

*Un terroir*

## AOC MADIRAN – Single vineyard

Tannat – Cabernet Sauvignon

Yield 40 hL/ha

### History & Terroir

The grapes producing this wine are grown on a terroir that is geologically unique to Madiran, the *Nappe de Maucor* and constitutes a stretch of pebbles deposited by running water, found in the appellation's highest altitudes. South/south-west exposition to gain maximum sunshine on this early-ripening terroir. An oceanic, temperate climate with mild winters and hot, stormy summers.

### Ageing

12 months in oak barrels of which one third are new, one third are 2nd fill and one third are 3rd fill to bestow aromatic complexity and volume.

**Tasting** Rich, complex, soft tanins, round tanins. Opens on the palate with intense black fruit aromas before reaching a finish of silky.

**Food pairings** Roast poultry, grilled red meat, duck breast.
